BASEBALL SUCCESS.

BASEBALL SUCCESS.

Baseball has been a success this year, the teams were organized rather late the season plenty of good ball was rred from the start and gate receipts are satisfactory from the opening me. League arrangement was somehat of an experiment, and it has been and a good arrangement. Because a grae cannot be run on a straight gate ceipt basis, each city put up a one mid a good arrangement. Because a grae cannot be run on a straight gate ceipt basis, each city put up a one mid defect of the four teams piled up to the company of the four teams piled up to and this was put away. Gate respits from each game were turned into ague fund and money has been dided pio rata as needed. The gate respits have been large enough to keep the gue sinking fund almost intact. There money left so baseball will continue long as the fans will turn out to see a games. And with resorts and sumer attractions closing, better crowds an ever are bound to turn out so fall schall will undoubtedly be a big sucsefied hard to get rattling good teams rether and while all have had the ups a downs of the diamond, Murray fans a splendid example for all towns a splendid example for all towns a splendid example for all towns follow in rooting for its team through unlucky early season. As a result this sportsmanship Murray is ending the pennaut season in good shape, hen Salt Lake fans were cheering a White Wings the boys won. The m has been crippled but is determint or un up its percentage and some astance from the fans is due and surccoming.

things are being discussed for next in but for the time, surface it to hat I'tah is going to get more and baseball than ever before. Ball is like this state and are receiving ecision of the directors to lengthen ason with happy smiles. In fact, layers were among the first to petitable league officials for an extended in During the summer several men been offered tempting salaries by de leagues, but with one or two did with "Nix I like this state. Utah, am going to stay out the season."

The fifth inning was the colored leaguers' hoodoo for in this the Denvertes got eight runs, followed by two in the sixth. The Occidentals got their lone taily in the fifth. Despite outlandish decisions upon the part of McCloskey, who was finally takout, the Luxus players did not wrangle but played ball every minute. This made a hit with the crowd and the game was a great treat as a result. For four innings no one saw the home plate for either team. In the fifth the visitors began to pound the curves of Buddy Clark, Langford was called in to sint off the batfest, But the big dusky was wild. President Tobin Given Full Authority Over Ball Games and He Will Use It.

anything, whether on the field or off, which injures the league or hurts the game, will be at the mercy of one big John Tobin, president of the Utah Base-ball league. There has been too much wrangling and fighting, due to the lax-ness of umpires, and league officials, at their meeting last night expressed dis-gust at this condition. The outcome of their meeting last night, expressed disgust at this condition. The outcome of
a long discussion was the action mentioned. President Tobin is an all-around
sporting authority of the first water.
He has judgment and is afraid of nothing on earth. His having power to keep
players and club officers on a chalk line
will result in quiet and peace on the
field. Hereafter there will be little wrangling during the game. Players will not
be able to make ugly noises over umpires' decisions and umpires will be instructed to keep erder and to help the
good cause by being good themselves.
The resolution investing President Tobin
with high authority permits the wide
interpretation. In some men's hands it
would be almost toe wide; in Tobin's
hands it means clean baseball from now
on. Tobin will appoint deputies to watch
games and see that all runs smoothly,

TO TEST EFFECT OF OXYGEN ON ATHLETES

New York, Aug. 27.—There will be a practical test of oxygenization of athletes as advocated by Prof. Leonard Hill, F.R.S., professor of physiology at the London hospital, at the water carnival to be held at Huntington, L. L. on Saturday afternoon.

Ray Mulvey, whose time for the 100 yards is one minute, six seconds, will be given oxygen, and matched against Eugene Kelley, who will be in ordinary training. Jacob Ferber, vicose best record now is one minute, 12 seconds, will be oxygenized and matched against E. J. White in ordinary training. Jacob Ferber, vicose best record now is one minute, 10 seconds.

A Salt Lake City Case

Many More Like it in Salt Lake

The following case is but one of many similar occurring daily in Salt Lake City. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence. Mrs. C. M. Dale, living at 459 west

Eighth South street, Salt Lake City, Utah, says: "For a year or more I was entirely free from kidney complaint until I began suffering from pains in the small of my back through my loins. When I caught cold or everexerted myself I became very much worse, and was often laid up from three days to a week at a time. My kidneys were also very irregular and gave me much distress and annoyance. I heard so many people praising Doan's Kidney Pills, that I decided to give them a trial, and procured a box at the F. J. Hill's drug store. They helped me from the first, so I continued taking them until I was cured. I am glad to recommend the remedy that cured me."

With team work eliminated, making every rider for it, the three-mile open ap, professional, race seen at the Saltair lest races of the season. No one could pick a winner as all the riders were in honors, Bunched well, a majority fought it out for lap money. The pace Mayer jumped. McFarland tacked on to his wheel. Hollister also started and made it nip and tuck for two laps. Here Farland jumped up the bank and tried to pass the German. The pace was now terrific. Clarke came up the bank above McFarland and the three fastest riders McFarland and the three lastest ricers in the world went nose and nose for a lap and a half. They fairly spun around the saucer. The crowd was on its feet yelling like savages. As the tape was neared Clarke put every ounce of energy on his pedals and came in ahead of Mayer, who was ahead of McFarland. There wasn't a half a wheel between any two.

Norman C. Hopper is going back to nospital to have the doctors see just why certain injuries are not healing, apper has been-gaining strength slow-but the physicians feel there is a splinter or something preventing one of the injuries from healing. Hopper is the same cheerful old boy, although bedridden. This time will mean rapid recovery and when he has been operated on and dismissed from the hospital he will be up and around. Hopper is all patience and good nature and certainly deserves the title of "Plucky Little Man,"
